(A) The Department of Defense maintains over 25,000,000 acres of valuable fish and wildlife habitat on approximately 400 military installations nationwide.

(B) These lands contain a wealth of plant and animal life, vital wetlands for migratory birds, and nearly 300 federally listed threatened species and endangered species.

(C) Increasingly, land surrounding military bases are being developed with residential and commercial infrastructure that fragments fish and wildlife habitat and decreases its ability to support a diversity of species.

(D) Comprehensive conservation plans, such as integrated natural resource management plans under the Sikes Act (16 U.S.C. 670 et seq.), can ensure that these ecosystem values can be protected and enhanced while allowing these lands to meet the needs of military operations.

(E) Section 107 of the Sikes Act (16 U.S.C. 670e–2) requires sufficient numbers of professionally trained natural resources management personnel and natural resources law enforcement personnel to be available and assigned responsibility to perform tasks necessary to carry out title I of the Sikes Act, including the preparation and implementation of integrated natural resource management plans.

(F) Managerial and policymaking functions performed by Department of Defense on-site professionally trained natural resource management personnel on military installations are appropriate governmental functions.

(G) Professionally trained civilian biologists in permanent Federal Government career managerial positions are essential to oversee fish and wildlife and natural resource conservation programs and are essential to the conservation of wildlife species on military land.

(2) It is the sense of Congress that the Secretary of Defense should take whatever steps are necessary to ensure that section 107 of the Sikes Act (16 U.S.C. 670e–2) is fully implemented consistent with the findings made in paragraph (1).

(c) PILOT PROGRAM.—(1) Section 101 of the Sikes Act (16 U.S.C. 670a) is amended by adding at the end the following new subsection:
“(g) PILOT PROGRAM FOR INVASIVE SPECIES MANAGEMENT FOR MILITARY INSTALLATIONS IN GUAM.—

“(A) that are not native to the ecosystem of the military installation; and

“(B) the introduction of which cause or may cause harm to military readiness, the environment, or human health and safety.

“(2) CONSULTATION.—The Secretary of Defense shall carry out this subsection in consultation with the Secretary of the Interior.”.

(2) Section 101(g) of the Sikes Act, as added by paragraph (1), shall apply—

(A) to any integrated natural resources management plan prepared for a military installation in Guam under section 101(a)(1) of such Act on or after the date of the enactment of this Act; and

SEC. 647. DEATH BENEFITS STUDY.

(a) **SENSE OF CONGRESS.**—It is the sense of Congress that—

(1) the sacrifices made by the members of the Armed Forces are significant and are worthy of meaningful expressions of gratitude by the United States, especially in cases of sacrifice through loss of life;

(2) the tragic events of September 11, 2001, and subsequent worldwide combat operations in the Global War on Terrorism and in Operation Iraqi Freedom have highlighted the significant disparity between the financial benefits for survivors of deceased members of the Armed Forces and the financial benefits for survivors of civilian victims of terrorism;

(3) the death benefits system composed of the death gratuity paid by the Department of Defense to survivors of members of the Armed Forces, the subsequently established Servicemembers’ Group Life Insurance (SGLI) program, and other benefits for survivors of deceased members has evolved over time, but there are increasing indications that the evolution of such benefits has failed to keep pace with the expansion of indemnity and compensation available to segments of United States society outside the Armed Forces, a failure that is especially apparent in a comparison of the benefits for survivors of deceased members with the compensation provided to families of civilian victims of terrorism; and

(4) while the Servicemembers’ Group Life Insurance (SGLI) program provides an assured source of life insurance for members of the Armed Forces that benefits the survivors of such members upon death, that program requires servicemembers to pay for that life insurance coverage and does not provide an assured minimum benefit.

(b) **STUDY REQUIRED.**—The Secretary of Defense shall carry out a study of the totality of all current and projected death benefits for survivors of deceased members of the Armed Forces to determine the adequacy of such benefits. In carrying out the study, the Secretary shall—

(1) compare the Federal death benefits for survivors of deceased members of the Armed Forces with—

(A) commercial and other private sector death benefits plans for segments of United States society outside the Armed Forces; and

(B) the benefits available under Public Law 107–37 (115 Stat. 219) (commonly known as the “Public Safety Officer Benefits Bill”);

(2) assess the personnel policy effects that would result from a revision of the death gratuity benefit to provide a stratified schedule of entitlement amounts that places a premium on deaths resulting from participation in combat or from acts of terrorism;

(3) assess the adequacy of the current system of Survivor Benefit Plan annuities under title 10, United States Code, and dependency and indemnity compensation under title 38, United States Code, and the anticipated effects (if any) of an elimination of the offset of Survivor Benefit Plan annuities by dependency and indemnity compensation payments;

(4) examine the commercial insurability of members of the Armed Forces in high-risk military occupational specialties; and

(5) examine the extent to which private trusts and foundations engage in fundraising or otherwise provide financial benefits for survivors of deceased members of the Armed Forces.

(c) REPORT.—Not later than March 1, 2004, the Secretary shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the results of the study under subsection (b). The report shall include the following:

(1) The assessments, analyses, and conclusions resulting from the study.

(2) Proposed legislation to address the deficiencies in the system of Federal death benefits for survivors of deceased members of the Armed Forces that are identified in the course of the study.

(3) An estimate of the costs of the system of death benefits provided for in the proposed legislation.

(d) COMPTROLLER GENERAL STUDY.—The Comptroller General shall conduct a study to identify the death benefits that are payable under Federal, State, and local laws for employees of the United States, State governments, and local governments. Not later than March 1, 2004, the Comptroller General shall submit a report containing the results of the study to the Committees on Armed Services of the Senate and the House of Representatives.

“(b) LIMITATION ON USE OF ACQUISITION STRATEGIES INVOLVING CONSOLIDATION.—(1) An official of a military department, Defense Agency, or Department of Defense Field Activity may not execute an acquisition strategy that includes a consolidation of contract requirements of the military department, agency, or activity with a total value in excess of \$5,000,000, unless the senior procurement executive concerned first—

“(A) conducts market research;

“(B) identifies any alternative contracting approaches that would involve a lesser degree of consolidation of contract requirements; and

“(C) determines that the consolidation is necessary and justified.

“(2) A senior procurement executive may determine that an acquisition strategy involving a consolidation of contract requirements is necessary and justified for the purposes of paragraph (1) if the benefits of the acquisition strategy substantially exceed

the benefits of each of the possible alternative contracting approaches identified under subparagraph (B) of that paragraph. However, savings in administrative or personnel costs alone do not constitute, for such purposes, a sufficient justification for a consolidation of contract requirements in a procurement unless the total amount of the cost savings is expected to be substantial in relation to the total cost of the procurement.

“(3) Benefits considered for the purposes of paragraphs (1) and (2) may include cost and, regardless of whether quantifiable in dollar amounts—

- “(B) acquisition cycle;
- “(C) terms and conditions; and

SEC. 923. INTEGRATION OF DEFENSE INTELLIGENCE, SURVEILLANCE, AND RECONNAISSANCE CAPABILITIES.

(a) FINDINGS.—Congress makes the following findings:

(1) As part of transformation efforts within the Department of Defense, each of the Armed Forces is developing intelligence, surveillance, and reconnaissance capabilities that best support future war fighting as envisioned by the leadership of the military department concerned.

(2) Concurrently, intelligence agencies of the Department of Defense outside the military departments are developing transformation roadmaps to best support the future decision-making and war fighting needs of their principal customers, but are not always closely coordinating those efforts with the intelligence, surveillance, and reconnaissance development efforts of the military departments.

(3) A senior official of each military department has been designated as the integrator of intelligence, surveillance, and reconnaissance for each of the Armed Forces in such military department, but there is not currently a well-defined forum through which the integrators of intelligence, surveillance, and reconnaissance capabilities for each of the Armed Forces can routinely interact with each other and with senior representatives of Department of Defense intelligence agencies, as well as with other members of the intelligence community, to ensure unity of effort and to preclude unnecessary duplication of effort.

(4) The current funding structure of a National Foreign Intelligence Program (NFIP), Joint Military Intelligence Program (JMIP), and Tactical Intelligence and Related Activities Program (TIARA) may not be the best approach for supporting the development of an intelligence, surveillance, and reconnaissance structure that is integrated to meet the national security requirements of the United States in the 21st century.

(5) The position of Under Secretary of Defense for Intelligence was established in 2002 by Public Law 107–314 in order to facilitate resolution of the challenges to achieving an integrated intelligence, surveillance, and reconnaissance structure in the Department of Defense to meet such 21st century requirements.

(b) GOAL.—It shall be a goal of the Department of Defense to fully integrate the intelligence, surveillance, and reconnaissance capabilities and coordinate the developmental activities of the military departments, intelligence agencies of the Department of Defense, and relevant combatant commands as those departments, agencies, and commands transform their intelligence, surveillance, and reconnaissance systems to meet current and future needs.

(c) ISR INTEGRATION REQUIREMENTS.—(1) Subchapter I of chapter 21 of title 10, United States Code, is amended by adding at the end the following new section:

“§ 426. Integration of Department of Defense intelligence, surveillance, and reconnaissance capabilities

“(a) ISR INTEGRATION COUNCIL.—(1) The Under Secretary of Defense for Intelligence shall establish an Intelligence, Surveillance, and Reconnaissance Integration Council—

“(A) to assist the Under Secretary with respect to matters relating to the integration of intelligence, surveillance, and reconnaissance capabilities, and coordination of related developmental activities, of the military departments, intelligence agencies of the Department of Defense, and relevant combatant commands; and

“(B) otherwise to provide a means to facilitate the integration of such capabilities and the coordination of such developmental activities.

“(2) The Council shall be composed of—

“(A) the senior intelligence officers of the armed forces and the United States Special Operations Command;

“(B) the Director of Operations of the Joint Staff; and

“(C) the directors of the intelligence agencies of the Department of Defense.

“(3) The Under Secretary of Defense for Intelligence shall invite the participation of the Director of Central Intelligence (or that Director’s representative) in the proceedings of the Council.

“(b) ISR INTEGRATION ROADMAP.—(1) The Under Secretary of Defense for Intelligence shall develop a comprehensive plan, to be known as the ‘Defense Intelligence, Surveillance, and Reconnaissance Integration Roadmap’, to guide the development and integration of the Department of Defense intelligence, surveillance, and reconnaissance capabilities for the 15-year period of fiscal years 2004 through 2018.

“(2) The Under Secretary shall develop the Defense Intelligence, Surveillance, and Reconnaissance Integration Roadmap in consultation with the Intelligence, Surveillance, and Reconnaissance Integration Council and the Director of Central Intelligence.”.

(2) The table of sections at the beginning of such subchapter is amended by adding at the end the following new item:

“426. Integration of Department of Defense intelligence, surveillance, and reconnaissance capabilities.”.

(d) REPORT.—(1) Not later than September 30, 2004, the Under Secretary of Defense for Intelligence shall submit to the committees of Congress specified in paragraph (2) a report on the Defense Intelligence, Surveillance, and Reconnaissance Integration Roadmap developed under subsection (b) of section 426 of title 10, United States Code, as added by subsection (c). The report shall include the following matters:

(A) The fundamental goals established in the roadmap.

(B) An overview of the intelligence, surveillance, and reconnaissance integration activities of the military departments and the intelligence agencies of the Department of Defense.

(C) An investment strategy for achieving—

(i) an integration of Department of Defense intelligence, surveillance, and reconnaissance capabilities that ensures sustainment of needed tactical and operational efforts; and

(ii) efficient investment in new intelligence, surveillance, and reconnaissance capabilities.

SEC. 1056. SENSE OF CONGRESS ON DEPLOYMENT OF AIRBORNE CHEMICAL AGENT MONITORING SYSTEMS AT CHEMICAL STOCKPILE DISPOSAL SITES IN THE UNITED STATES.

(a) **FINDINGS.**—The Congress makes the following findings:

(1) Over 23,700 tons of lethal chemical agents in assembled chemical weapons and bulk storage containers are stored and awaiting destruction at eight chemical agent disposal facilities and stockpile storage sites in the United States. Some of these weapons and storage containers contain GB or VX nerve agents, while others contain blister agents such as HD (mustard agent).

(2) Approximately 960,000 persons live in the vicinity of the eight chemical weapons disposal facilities and stockpile storage sites.

(3) Airborne-agent chemical monitoring systems are currently deployed at each of the chemical demilitarization facilities and stockpile storage sites to provide continuous and near-real-time monitoring of the presence of chemical agents.

(4) The National Research Council has determined that monitoring levels used at the demilitarization facilities are very conservative and highly protective of workers and public health and safety and that the conservative monitoring levels are a contributing factor in false positive alarms.

(5) The National Research Council has expressed repeated concern about relatively frequent false positive alarms and the lack of real-time monitoring for airborne agents and has noted the poor state of agent monitoring technology for liquid waste streams and solid materials suspected of possible agent contamination.

(6) The National Research Council has concluded that, although the Program Manager for Chemical Demilitarization has made some efforts to develop better agent-monitoring technology, results to date have been disappointing.

(7) The National Research Council has concluded that development and deployment of airborne-agent monitors with shorter response time and lower false alarm rates would enhance safety and reduce the tendency to discount agent alarms, and has recommended that the Program Manager for Chemical Demilitarization and the relevant Department of Defense research and development agencies should invigorate and coordinate efforts to develop chemical agent monitors with improved sensitivity, specificity, and response time.

(b) **SENSE OF CONGRESS.**—It is the sense of Congress that the Secretary of the Army—

(1) should, in coordination with relevant Department of Defense research and development agencies, invigorate and coordinate efforts to develop chemical agent monitors with improved sensitivity, specificity, and response time; and

(2) should deploy improved chemical agent monitors in order to ensure the maximum protection of the general public, personnel involved in the chemical demilitarization program, and the environment.

“(c) LIMITATION ON USE OF FUNDS.—(1) Funds made available under this section to fire departments for salaries and benefits to hire new, additional firefighters shall not be used to supplant State or local funds, or, in the case of Indian tribal governments, funds supplied by the Bureau of Indian Affairs, but shall be used to increase the amount of funds that would, in the absence of Federal funds received under this section, be made available from State or local sources, or in the case of Indian tribal governments, from funds supplied by the Bureau of Indian Affairs.

“(2) No grant shall be awarded pursuant to this section to a municipality or other recipient whose annual budget at the time of the application for fire-related programs and emergency response has been reduced below 80 percent of the average funding level in the 3 years prior to the date of enactment of this section.

“(3) Funds appropriated by the Congress for the activities of any agency of an Indian tribal government or the Bureau of Indian Affairs performing firefighting functions on any Indian lands may be used to provide the non-Federal share of the cost of programs or projects funded under this section.

“(g) ACCESS TO DOCUMENTS.—(1) The Administrator shall have access for the purpose of audit and examination to any pertinent books, documents, papers, or records of a grant recipient under this section and to the pertinent books, documents, papers, or records of State and local governments, persons, businesses, and other entities that are involved in programs, projects, or activities for which assistance is provided under this section.

“(2) The laboratories to which this subsection applies are—

“(A) the Aviation and Missile Research Development and Engineering Center;

“(C) the Medical Research and Materiel Command;

“(D) the Engineer Research and Development Command;

“(E) the Communications-Electronics Command;

“(F) the Soldier and Biological Chemical Command;

“(G) the Naval Sea Systems Command Centers;

“(H) the Naval Research Laboratory;

“(I) the Office of Naval Research; and

“(J) the Air Force Research Laboratory.

“(d) OTHER NONWAIVABLE PROVISIONS.—The other provisions of this part referred to in subsection (b)(3)(D) are (to the extent not otherwise specified in this title)—

“(1) subparts A, B, E, G, and H of this part; and

“(2) chapters 41, 45, 47, 55 (except subchapter V thereof, apart from section 5545b), 57, 59, 71, 72, 73, and 79, and this chapter.

“(e) LIMITATIONS RELATING TO PAY.—(1) Nothing in this section shall constitute authority to modify the pay of any employee who serves in an Executive Schedule position under subchapter II of chapter 53.

“(2) Except as provided for in paragraph (1), the total amount in a calendar year of allowances, differentials, bonuses, awards, or other similar cash payments paid under this title to any employee who is paid under section 5376 or 5383 or under title 10 or under other comparable pay authority established for payment of Department of Defense senior executive or equivalent employees may not exceed the total annual compensation payable to the Vice President under section 104 of title 3.

“(3) To the maximum extent practicable, the rates of compensation for civilian employees at the Department of Defense shall be adjusted at the same rate, and in the same proportion, as are rates of compensation for members of the uniformed services.

“(4) To the maximum extent practicable, for fiscal years 2004 through 2008, the overall amount allocated for compensation of the civilian employees of an organizational or functional unit of the Department of Defense that is included in the National Security Personnel System shall not be less than the amount that would have been allocated for compensation of such employees for such fiscal year if they had not been converted to the National Security Personnel System, based on, at a minimum—

“(A) the number and mix of employees in such organizational or functional unit prior to the conversion of such employees to the National Security Personnel System; and

“(B) adjusted for normal step increases and rates of promotion that would have been expected, had such employees remained in their previous pay schedule.

“(5) To the maximum extent practicable, the regulations implementing the National Security Personnel System shall provide a formula for calculating the overall amount to be allocated for fiscal years after fiscal year 2008 for compensation of the civilian employees of an organization or functional unit of the Department of Defense that is included in the National Security Personnel System. The formula shall ensure that in the aggregate, employees are not disadvantaged in terms of the overall amount of pay available as a result of conversion to the National Security Personnel System, while providing flexibility to accommodate changes in the function of the organization, changes in the mix of employees performing those functions, and other changed circumstances that might impact pay levels.

“(f) PROVISIONS TO ENSURE COLLABORATION WITH EMPLOYEE REPRESENTATIVES.—(1) In order to ensure that the authority of this section is exercised in collaboration with, and in a manner that ensures the participation of, employee representatives in the planning, development, and implementation of the National Security Personnel System, the Secretary and the Director shall provide for the following:

“(A) The Secretary and the Director shall, with respect to any proposed system—

“(i) provide to the employee representatives representing any employees who might be affected a written description of the proposed system or adjustment (including the reasons why it is considered necessary);

“(ii) give such representatives at least 30 calendar days (unless extraordinary circumstances require earlier action) to review and make recommendations with respect to the proposal; and

“(iii) give any recommendations received from such representatives under clause (ii) full and fair consideration in deciding whether or how to proceed with the proposal.

“(B) Following receipt of recommendations, if any, from such employee representatives with respect to a proposal described in subparagraph (A), the Secretary and the Director shall accept such modifications to the proposal in response to the recommendations as they determine advisable and shall, with respect to any parts of the proposal as to which they have not accepted the recommendations—

“(i) notify Congress of those parts of the proposal, together with the recommendations of the employee representatives;

“(ii) meet and confer for not less than 30 calendar days with the employee representatives, in order to attempt to reach agreement on whether or how to proceed with those parts of the proposal; and

“(iii) at the Secretary’s option, or if requested by a majority of the employee representatives participating, use the services of the Federal Mediation and Conciliation Service during such meet and confer period to facilitate the process of attempting to reach agreement.

“(C)(i) Any part of the proposal as to which the representatives do not make a recommendation, or as to which the recommendations are accepted by the Secretary and the Director, may be implemented immediately.

“(ii) With respect to any parts of the proposal as to which recommendations have been made but not accepted by the Secretary and the Director, at any time after 30 calendar days have elapsed since the initiation of the congressional notification, consultation, and mediation procedures set forth in subparagraph (B), if the Secretary, in his discretion, determines that further consultation and mediation is unlikely to produce agreement, the Secretary may implement any or all of such parts (including any modifications made in response to the recommendations as the Secretary determines advisable), but only after 30 days have elapsed after notifying Congress of the decision to implement the part or parts involved (as so modified, if applicable).

“(iii) The Secretary shall notify Congress promptly of the implementation of any part of the proposal and shall furnish with such notice an explanation of the proposal, any changes made to the proposal as a result of recommendations from the employee representatives, and of the reasons why implementation is appropriate under this subparagraph.

“(D) If a proposal described in subparagraph (A) is implemented, the Secretary and the Director shall—

“(i) develop a method for the employee representatives to participate in any further planning or development which might become necessary; and

“(ii) give the employee representatives adequate access to information to make that participation productive.

“(2) The Secretary may, at the Secretary’s discretion, engage in any and all collaboration activities described in this subsection at an organizational level above the level of exclusive recognition.

“(3) In the case of any employees who are not within a unit with respect to which a labor organization is accorded exclusive recognition, the Secretary and the Director may develop procedures for representation by any appropriate organization which represents a substantial percentage of those employees or, if none, in such other manner as may be appropriate, consistent with the purposes of this subsection.

“(4) The procedures under this subsection are the exclusive procedures for the participation of employee representatives in the planning, development, implementation, or adjustment of the National Security Personnel System.

“(g) PROVISIONS REGARDING NATIONAL LEVEL BARGAINING.—

(1) The National Security Personnel System implemented or modified under this chapter may include employees of the Department of Defense from any bargaining unit with respect to which a labor

organization has been accorded exclusive recognition under chapter 71.

“(2) For any bargaining unit so included under paragraph (1), the Secretary may bargain with a labor organization at an organizational level above the level of exclusive recognition. The decision to bargain at a level above the level of exclusive recognition shall not be subject to review or to statutory third-party dispute resolution procedures outside the Department of Defense. Any such bargaining shall—

“(A) be binding on all subordinate bargaining units of the labor organization at the level of recognition and their exclusive representatives, and the Department of Defense and its subcomponents, without regard to levels of recognition;

“(B) supersede all other collective bargaining agreements of the labor organization, including collective bargaining agreements negotiated with an exclusive representative at the level of recognition, except as otherwise determined by the Secretary;

“(C) not be subject to further negotiations with the labor organizations for any purpose, including bargaining at the level of recognition, except as provided for by the Secretary; and

“(D) be subject to review by an independent third party only to the extent provided and pursuant to procedures established under paragraph (6) of subsection (m).

“(3) The National Guard Bureau and the Army and Air Force National Guard are excluded from coverage under this subsection.

“(4) Any bargaining completed pursuant to this subsection with a labor organization not otherwise having national consultation rights with the Department of Defense or its subcomponents shall not create any obligation on the Department of Defense or its subcomponents to confer national consultation rights on such a labor organization.

“(h) PROVISIONS RELATING TO APPELLATE PROCEDURES.—(1) The Secretary—

“(A) may establish an appeals process that provides employees of the Department of Defense organizational and functional units that are included in the National Security Personnel System fair treatment in any appeals that they bring in decisions relating to their employment; and

“(B) shall in prescribing regulations for any such appeals process—

“(i) ensure that employees in the National Security Personnel System are afforded the protections of due process; and

“(ii) toward that end, be required to consult with the Merit Systems Protection Board before issuing any such regulations.

“(2) Regulations implementing the appeals process may establish legal standards and procedures for personnel actions, including standards for applicable relief, to be taken on the basis of employee misconduct or performance that fails to meet expectations. Such standards shall be consistent with the public employment principles of merit and fitness set forth in section 2301.

“(3) Legal standards and precedents applied before the effective date of this section by the Merit Systems Protection Board and the courts under chapters 43, 75, and 77 of this title shall apply to employees of organizational and functional units included in the National Security Personnel System, unless such standards

and precedents are inconsistent with legal standards established under this subsection.

“(4) An employee who—

“(A) is removed, suspended for more than 14 days, furloughed for 30 days or less, reduced in pay, or reduced in pay band (or comparable reduction) by a final decision under the appeals process established under paragraph (1);

“(B) is not serving under probationary period as defined under regulations established under paragraph (2); and

“(C) would otherwise be eligible to appeal a performance-based or adverse action under chapter 43 or 75, as applicable, to the Merit Systems Protection Board,

shall have the right to petition the full Merit Systems Protection Board for review of the record of that decision pursuant to regulations established under paragraph (2). The Board may dismiss any petition that, in the view of the Board, does not raise substantial questions of fact or law. No personnel action shall be stayed and no interim relief shall be granted during the pendency of the Board’s review unless specifically ordered by the Board.

“(5) The Board may order such corrective action as the Board considers appropriate only if the Board determines that the decision was—

“(A) arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law;

“(B) obtained without procedures required by law, rule, or regulation having been followed; or

“(C) unsupported by substantial evidence.

“(6) An employee who is adversely affected by a final order or decision of the Board may obtain judicial review of the order or decision as provided in section 7703. The Secretary of Defense, after notifying the Director, may obtain judicial review of any final order or decision of the Board under the same terms and conditions as provided an employee.

“(7) Nothing in this subsection shall be construed to authorize the waiver of any provision of law, including an appeals provision providing a right or remedy under section 2302(b) (1), (8) or (9), that is not otherwise waivable under subsection (a).

“(8) The right of an employee to petition the Merit Systems Protection Board of the Department’s final decision on an action covered by paragraph (4) of this subsection, and the right of the Merit Systems Protection Board to review such action or to order corrective action pursuant to paragraph (5), is provisional for 7 years after the date of the enactment of this chapter, and shall become permanent unless Congress acts to revise such provisions.

“(i) PROVISIONS RELATED TO SEPARATION AND RETIREMENT INCENTIVES.—(1) The Secretary may establish a program within the Department of Defense under which employees may be eligible for early retirement, offered separation incentive pay to separate from service voluntarily, or both. This authority may be used to reduce the number of personnel employed by the Department of Defense or to restructure the workforce to meet mission objectives without reducing the overall number of personnel. This authority is in addition to, and notwithstanding, any other authorities established by law or regulation for such programs.

“(2)(A) The Secretary may not authorize the payment of voluntary separation incentive pay under paragraph (1) to more than 25,000 employees in any fiscal year, except that employees who

receive voluntary separation incentive pay as a result of a closure or realignment of a military installation under the Defense Base Closure and Realignment Act of 1990 (title XXIX of Public Law 101–510; 10 U.S.C. 2687 note) shall not be included in that number.

“(B) The Secretary shall prepare a report each fiscal year setting forth the number of employees who received such pay as a result of a closure or realignment of a military base as described under subparagraph (A).

“(C) The Secretary shall submit the report under subparagraph (B) to the Committee on Armed Services and the Committee on Governmental Affairs of the Senate, and the Committee on Armed Services and the Committee on Government Reform of the House of Representatives.

“(3) For purposes of this section, the term ‘employee’ means an employee of the Department of Defense, serving under an appointment without time limitation, except that such term does not include—

“(A) a reemployed annuitant under subchapter III of chapter 83 or chapter 84, or another retirement system for employees of the Federal Government;

“(B) an employee having a disability on the basis of which such employee is or would be eligible for disability retirement under any of the retirement systems referred to in subparagraph (A); or

“(C) for purposes of eligibility for separation incentives under this section, an employee who is in receipt of a decision notice of involuntary separation for misconduct or unacceptable performance.

“(4) An employee who is at least 50 years of age and has completed 20 years of service, or has at least 25 years of service, may, pursuant to regulations promulgated under this section, apply and be retired from the Department of Defense and receive benefits in accordance with chapter 83 or 84 if the employee has been employed continuously within the Department of Defense for more than 30 days before the date on which the determination to conduct a reduction or restructuring within 1 or more Department of Defense components is approved.

“(5)(A) Separation pay shall be paid in a lump sum or in installments and shall be equal to the lesser of—

“(i) an amount equal to the amount the employee would be entitled to receive under section 5595(c), if the employee were entitled to payment under such section; or

“(ii) \$25,000.

“(B) Separation pay shall not be a basis for payment, and shall not be included in the computation, of any other type of Government benefit. Separation pay shall not be taken into account for the purpose of determining the amount of any severance pay to which an individual may be entitled under section 5595, based on any other separation.

“(C) Separation pay, if paid in installments, shall cease to be paid upon the recipient’s acceptance of employment by the Federal Government, or commencement of work under a personal services contract as described in paragraph (6).

“(6)(A) An employee who receives separation pay under such program may not be reemployed by the Department of Defense for a 12-month period beginning on the effective date of the

employee's separation, unless this prohibition is waived by the Secretary on a case-by-case basis.

“(B) An employee who receives separation pay under this section on the basis of a separation occurring on or after the date of the enactment of the Federal Workforce Restructuring Act of 1994 (Public Law 103–236; 108 Stat. 111) and accepts employment with the Government of the United States, or who commences work through a personal services contract with the United States within 5 years after the date of the separation on which payment of the separation pay is based, shall be required to repay the entire amount of the separation pay to the Department of Defense. If the employment is with an Executive agency (as defined by section 105) other than the Department of Defense, the Director may, at the request of the head of that agency, waive the repayment if the individual involved possesses unique abilities and is the only qualified applicant available for the position. If the employment is within the Department of Defense, the Secretary may waive the repayment if the individual involved is the only qualified applicant available for the position. If the employment is with an entity in the legislative branch, the head of the entity or the appointing official may waive the repayment if the individual involved possesses unique abilities and is the only qualified applicant available for the position. If the employment is with the judicial branch, the Director of the Administrative Office of the United States Courts may waive the repayment if the individual involved possesses unique abilities and is the only qualified applicant available for the position.

“(7) Under this program, early retirement and separation pay may be offered only pursuant to regulations established by the Secretary, subject to such limitations or conditions as the Secretary may require.

“(j) PROVISIONS RELATING TO REEMPLOYMENT.—If an annuitant receiving an annuity from the Civil Service Retirement and Disability Fund becomes employed in a position within the Department of Defense, his annuity shall continue. An annuitant so reemployed shall not be considered an employee for purposes of chapter 83 or 84.

“(k) ADDITIONAL PROVISIONS RELATING TO PERSONNEL MANAGEMENT.—(1) Notwithstanding subsection (d), the Secretary of Defense, in establishing and implementing the National Security Personnel System under subsection (a), shall not be limited by any provision of this title or any rule or regulation prescribed under this title in establishing and implementing regulations relating to—

“(A) the methods of establishing qualification requirements for, recruitment for, and appointments to positions;

“(B) the methods of assigning, reassigning, detailing, transferring, or promoting employees; and

“(C) the methods of reducing overall agency staff and grade levels, except that performance, veterans' preference, tenure of employment, length of service, and such other factors as the Secretary considers necessary and appropriate shall be considered in decisions to realign or reorganize the Department's workforce.

“(2) In implementing this subsection, the Secretary shall comply with the provisions of section 2302(b)(11), regarding veterans' preference requirements, as provided for in subsection (b)(3).

“(1) PHASE-IN.—The Secretary may apply the National Security Personnel System—

“(1) to an organizational or functional unit that includes up to 300,000 civilian employees of the Department of Defense, without having to make a determination described in paragraph (2); and

“(2) to an organizational or functional unit that includes more than 300,000 civilian employees of the Department of Defense, if the Secretary determines in accordance with subsection (a) that the Department has in place a performance management system that meets the criteria specified in subsection (b).

“(m) LABOR MANAGEMENT RELATIONS IN THE DEPARTMENT OF DEFENSE.—(1) Notwithstanding section 9902(d)(2), the Secretary, together with the Director, may establish and from time to time adjust a labor relations system for the Department of Defense to address the unique role that the Department’s civilian workforce plays in supporting the Department’s national security mission.

“(2) The system developed or adjusted under paragraph (1) would allow for a collaborative issue-based approach to labor management relations.

“(3) In order to ensure that the authority of this section is exercised in collaboration with, and in a manner that ensures the participation of, employee representatives in the development and implementation of the labor management relations system or adjustments to such system under this section, the Secretary shall provide for the following:

“(A) The Secretary and the Director shall, with respect to any proposed system or adjustment—

“(i) afford employee representatives and management the opportunity to have meaningful discussions concerning the development of the new system;

“(ii) give such representatives at least 30 calendar days (unless extraordinary circumstances require earlier action) to review the proposal for the system and make recommendations with respect to it; and

“(iii) give any recommendations received from such representatives under clause (ii) full and fair consideration.

“(B) Following receipt of recommendations, if any, from such employee representatives with respect to a proposal described in subparagraph (A), the Secretary and the Director shall accept such modifications to the proposal in response to the recommendations as are determined advisable and shall, with respect to any parts of the proposal as to which they have not accepted the recommendations—

“(i) meet and confer for not less than 30 calendar days with the employee representatives, in order to attempt to reach agreement on whether or how to proceed with those parts of the proposal; and

“(ii) at the Secretary’s option, or if requested by a majority of the employee representatives participating, use the services of the Federal Mediation and Conciliation Service during such meet and confer period to facilitate the process of attempting to reach agreement.

“(C)(i) Any part of the proposal described in subparagraph (A) as to which employee representatives do not make a recommendation, or as to which the recommendations are accepted under subparagraph (B), may be implemented immediately.

“(ii) With respect to any parts of the proposal as to which recommendations have been made but not accepted, at any time after 30 calendar days have elapsed since the consultation and mediation procedures set forth in subparagraph (B), if the Secretary, in his discretion, determines that further consultation and mediation is unlikely to produce agreement, the Secretary may implement any or all of such parts (including any modifications made in response to the recommendations as the Secretary determines advisable), but only after 30 days have elapsed after notifying Congress of the decision to implement the part or parts involved (as so modified, if applicable).

“(D) The process for collaborating with employee representatives provided for under this subsection shall begin no later than 60 calendar days after the date of enactment of this subsection.

“(4) The Secretary may engage in any and all collaboration activities described in this subsection at an organizational level above the level of exclusive recognition.

“(5) The system developed or adjusted under this subsection may incorporate the authority to bargain at a level above the level of exclusion recognition provided for in subsection (g) of this section, but may not abrogate or modify the authority provided for in that subsection. Notwithstanding this subsection, the Secretary may, at his discretion, implement the authority in subsection (g) immediately upon enactment of this subsection.

“(6) The labor relations system developed or adjusted under this subsection shall provide for independent third party review of decisions, including defining what decisions are reviewable by the third party, what third party would conduct the review, and the standard or standards for that review.

“(7) Nothing in this section, including the authority provided to waive, modify, or otherwise affect provisions of law not listed in subsections (b) and (c) as nonwaivable, shall be construed to expand the scope of bargaining under chapter 71 or this subsection with respect to any provision of this title that may be waived, modified, or otherwise affected under this section.

“(8) The labor relations system developed or adjusted under this subsection shall be binding on all bargaining units within the Department of Defense, all employee representatives of such units, and the Department of Defense and its subcomponents, and shall supersede all other collective bargaining agreements for bargaining units in the Department of Defense, including collective bargaining agreements negotiated with employee representatives at the level of recognition, except as otherwise determined by the Secretary.

“(9) Unless it is extended or otherwise provided for in law, the authority to establish, implement and adjust the labor relations system developed under this subsection shall expire six years after the date of enactment of this subsection, at which time the provisions of chapter 71 will apply.

“§ 9903. Attracting highly qualified experts

“(a) IN GENERAL.—The Secretary may carry out a program using the authority provided in subsection (b) in order to attract highly qualified experts in needed occupations, as determined by the Secretary.

“(b) AUTHORITY.—Under the program, the Secretary may—

“(2) prescribe the rates of basic pay for positions to which employees are appointed under paragraph (1) at rates not in excess of the maximum rate of basic pay authorized for senior-level positions under section 5376, as increased by locality-based comparability payments under section 5304, notwithstanding any provision of this title governing the rates of pay or classification of employees in the executive branch; and

“(c) LIMITATION ON TERM OF APPOINTMENT.—(1) Except as provided in paragraph (2), the service of an employee under an appointment made pursuant to this section may not exceed 5 years.

“(2) The Secretary may, in the case of a particular employee, extend the period to which service is limited under paragraph (1) by up to 1 additional year if the Secretary determines that such action is necessary to promote the Department of Defense’s national security missions.

“(d) LIMITATIONS ON ADDITIONAL PAYMENTS.—(1) The total amount of the additional payments paid to an employee under this section for any 12-month period may not exceed the lesser of the following amounts:

“(A) \$50,000 in fiscal year 2004, which may be adjusted annually thereafter by the Secretary, with a percentage increase equal to one-half of 1 percentage point less than the percentage by which the Employment Cost Index, published quarterly by the Bureau of Labor Statistics, for the base quarter of the year before the preceding calendar year exceeds the Employment Cost Index for the base quarter of the second year before the preceding calendar year.

“(B) The amount equal to 50 percent of the employee’s annual rate of basic pay.

For purposes of this paragraph, the term ‘base quarter’ has the meaning given such term by section 5302(3).

“(2) An employee appointed under this section is not eligible for any bonus, monetary award, or other monetary incentive for service except for payments authorized under this section.

“(3) Notwithstanding any other provision of this subsection or of section 5307, no additional payments may be paid to an employee under this section in any calendar year if, or to the extent that, the employee’s total annual compensation will exceed the maximum amount of total annual compensation payable at the salary set in accordance with section 104 of title 3.

“(e) LIMITATION ON NUMBER OF HIGHLY QUALIFIED EXPERTS.—The number of highly qualified experts appointed and retained

by the Secretary under subsection (b)(1) shall not exceed 2,500 at any time.

“(f) SAVINGS PROVISIONS.—In the event that the Secretary terminates this program, in the case of an employee who, on the day before the termination of the program, is serving in a position pursuant to an appointment under this section—

“(1) the termination of the program does not terminate the employee’s employment in that position before the expiration of the lesser of—

“(A) the period for which the employee was appointed;

or

“(B) the period to which the employee’s service is limited under subsection (c), including any extension made under this section before the termination of the program; and

“(2) the rate of basic pay prescribed for the position under this section may not be reduced as long as the employee continues to serve in the position without a break in service.

“§ 9904. Special pay and benefits for certain employees outside the United States

“The Secretary may provide to certain civilian employees of the Department of Defense assigned to activities outside the United States as determined by the Secretary to be in support of Department of Defense activities abroad hazardous to life or health or so specialized because of security requirements as to be clearly distinguishable from normal Government employment—

“(1) allowances and benefits—

“(A) comparable to those provided by the Secretary of State to members of the Foreign Service under chapter 9 of title I of the Foreign Service Act of 1980 (Public Law 96–465, 22 U.S.C. 4081 et seq.) or any other provision of law; or

(A) initiate a reevaluation referred to in paragraph (1); and
